

About Palliative Care – bilingual brochures

As part of its Culturally Responsive Palliative Care Strategy, Palliative Care Victoria developed bilingual brochures about palliative care in 17 community languages.

The topics covered include:

- What is palliative care?
- Who provides palliative care?
- Where can I receive care?
- Will I have to pay?
- What if I need to speak another language?
- What about my family?
- Where can I get more information?

These brochures are available at no charge and can be requested by completing the order form over the page.

The brochures and an audio recording for each of the languages can also be accessed on Palliative Care Victoria's website at <http://bit.ly/BilingualCALD>.
