

Resources

Palliative Care Victoria has developed many useful resources to help people with a life-limiting illness, their carers and families understand how palliative care can support them and help them manage symptoms.

Resources available to download and print

The following resources are also available under the [Families and Patients](#) section of this website.

- ◆ [Anorexia in illness](#)
- ◆ [Confusion and terminal restlessness](#)
- ◆ [Fatigue and exhaustion](#)
- ◆ [Nausea and vomiting](#)
- ◆ [Help for families and carers](#)
- ◆ [About pain and the help available](#)
- ◆ [The process of dying](#)
- ◆ [Supporting a person who needs palliative care](#)—a guide for families and friends

Resources in other community languages—bilingual brochures, audio and videos can be accessed from the [Community Languages](#) section of this website.

[Order form](#) for **free** bilingual brochures.

Languages include Arabic, Chinese (simplified and traditional), Croatian, Dutch, Greek, Hebrew, Hindi, Italian, Karen, Macedonian, Maltese, Polish, Russian, Serbian, Spanish, Turkish, Vietnamese, Yiddish and other languages are in progress.
